To Whom It May Concern:

I appreciate the opportunity to recommend Chris Cox. Chris was my direct report for 3 years while working in the Technology and Marketing department at RKI.

Chris is easy to work with and can be counted on to meet deadlines and company objectives. His ability to translate the company's vision of the website redesign into a new website that was mobile friendly and SEO optimized was crucial to the success of RKI's company website project.

Additionally, his digital asset contributions are still being utilized within the company's digital and print marketing materials and continue to bring value. His eye for detail and forward-thinking strategies are a significant compliment to his ability to translate technical details to various business units.

Chris will be an asset to any company fortunate enough to employ him. I am confident in my recommendation of Chris Cox and welcome any additional conversation about what and how he added value for me while at RKI. I encourage you to contact me at (832) 578-4327 to discuss further.

Sincerely,

Jason Drew
